

# PLUMELESS THISTLE

Carduus acanthoides

# BIENNIAL LIFECYCLE & TREATMENT TIMING

mda.state.mn.us/weedcontrol

# **HAND PULL**

Remove seedling and root.

#### **DIG ROOT**

Dig out root of small infestations.

# MOW

Mow at least once per year during bud stage.

# **FOLIAR SPRAY**

Spray after leaf out until bud stage.

#### **GRAZING**

Goats or sheep eat in spring and at bud stage.

#### PRESCRIBED FIRE

Burn seedlings and integrate with other methods.

Monitoring and repeated management is necessary for long term control of established infestations.
